

Library Report to the City Council

July 2017

Come listen to Ali Parrish from the Iowa Heartland Habitat for Humanity talk about how this organization helps out the local communities and how interested persons can get involved. Her presentation will be at the library on Monday, July 17 at 6:30 p.m.

A big thank you to one of the residents at the Oelwein Care Facility for donating their reading Magnifier to the library! This magnifier is located on a carrel by the fireplace in the reading room.

We had a great time during the Summer Reading Program! Keep reading!
