

Library Update to the City Council – July 2020

Beginning Monday, July 6, library patrons will not have access to the main part of the library. The library will be involved in an improvement project. Throughout the month of July, new carpeting will be installed in the library. During this time, library patrons will have access to a limited number of computers set up in the meeting room. In addition, patrons can request books, magazines, DVD's, and newspapers for check out. A computer catalog and a Census Response kiosk will be set up in the back entrance, as well. Librarians will gather the requested items and patrons can either pick up the items at the back entrance of the library or call for curbside pickup.
